Our Motto — Work Conquers All
Our Vision — Every child improving, every day in every way.

Principal Communication

Dates to Remember:-
* NEXT P & C meeting 16th of June 6:00 P.M.
* Report cards go home week 10
* Working Bee postponed until next term
* No Assembly - Tuesday, 16th June
* Dress up at Book Character - Wednesday 17th of June
* End of term Rewards day - 26th of June

Terrific news! Last year we began the behavioural Positive Behaviour Journey. This year our school behavioural data showed our successes and achievements as a school community, is already up to 98%. Well done to everyone and thanks for all the support.

Due to the fact there is an 80% chance of rain predicted for Sunday, the working bee is called off. The next suggested date is for the first weekend after the holidays - Sunday the 19th of July. Fingers crossed for rain - we all need it.

The student council is having a free dress day next Wednesday. Please come as your favourite book character and bring a gold coin donation, to support the student council fund raising efforts.

Mrs Bishop, Mrs Mirtschin and Mrs Thomas will be working together to have a planning day next week. Miss Matherson, Mrs Miller, Mrs Handford and Mrs Goschnick will instruct the students.

Thank you once again for the parents who came up and volunteered this week to help us.

There is a P and C meeting, Tuesday next week - the items on the agenda to be discussed so far are as follows:-
- Playgroup
- Fundraising ideas
- Fundraising group formation
- Uniform
- Truancy
- Contributions to the school from raffle proceeds

Congratulations to Jason Bone and Dylan Goodchild for being selected for representative football. We wish them both well and are sure they will do a great job.
This week in Mathematics students have been learning all about fractions. From Prep up, students have been learning about whole numbers, halves and quarters. Grade 3 and 4 students were learning about simplifying fractions (numerator and denominator). The year 5 and 6 students were learning about equivalent fractions - decimals and percentages. All students worked very well.

In art and technology the students are working to create diorama’s and collage’s to do with the boats and the garden regatta. With only two weeks to go until the end of term, students are continuing to have their heads down in their books, in preparation for the end of term assessment tasks and tests.

During this week we finished off some assessment items ready for reporting and said good bye to our mealworms. The children enjoyed watching the mealworms but due to the cool weather they didn’t change into pupa. They did, however, shed their skin a few times. Some children successfully grew a bean seed which we planted in the garden.

We have spent some time planting seedlings into the boat gardens. Now, everyone has to remember to water them, we can’t rely on Mother Nature. I am sure they will look quite stunning in the coming weeks.

Parents are welcome to make an appointment with me to discuss their child’s progress. Just let me know a suitable time.

Congratulations to all our stars—Joshua Fearby, who received the Principals award for his outstanding accomplishments this week in being organised, safe, persistent and in getting along with others. Madison Kendall received the student of the week award for her excellent skills in being safe and having confidence. Kevin Lippiatt received a merit... award for working hard to complete activities and being helpful. This week the bookwork awards went to Ryan Stolzenberg and Santino Kuchtin for their excellent

In an effort to reduce the spread of head lice we have purchased disposable hair nets/caps, which students will wear under their school hat each day.

If any parent has an objection to their child/children wearing these nets, please contact the school.
